Racing will be cancelled once the lake elevation reaches 400'

After editing the file, click on the Generate Calendar File button. This will create a file in the c:/temp directory called calendar.ics.

After generating the file, use your FTP program to copy it to the FLYC website. The difficult part of this is that it does not get copied to the normal location. It must be copied to the /flycorg0 directory, which is several levels above the usual userfiles directory.

**Include in
Mobile
Calendar R/C and other notes**
